

Psychological and Psychosocial Services

These evaluations are requested if and when applying for OPWDD Eligibility, and thereafter if applying to new OPWDD services, such as day programs, residential placement, and others.

A **Psychological Evaluation** is a measure of Intellectual and Adaptive Functioning Assessment ("IQ test")

A **Psychosocial Evaluation** is an assessment and report of an individual's history, from birth to present, including social, physical, mental, and emotional health.

**More about
CP and our
